

## Features

Enjoy your movies and videos in optimum quality with Naxa's Compact DVD Player with USB Input (ND-856). It is a compact and powerful media player with many connection options including USB, HDMI, composite video, S-video and coaxial digital audio. If you want to play DVDs in higher quality on your HDTV, no problem – this black DVD player features HD upconversion to boost the quality of the video for a clearer, sharper image. Watch videos stored on USB memory sticks for more versatility with your viewing options.
